Crystal Bling® is a company created to help people all over the world combat the chore of cleaning. Today technology is such a prominent part of our lives, so why not utilise the newest technology in cleaning?

When you clean with Bling® you are saving water, because with Bling® all you need is water and our micro-fibre mitt. Bling is also great if you have a grey water system. What used to be a hard chore is now quick and easy.

Bling® is a working girl's dream!

Bling® is also available in:

New Zealand

Indonesia

Malaysia

India

Russia

United Arab
Emirates
